Re: 2021DB0002 - Class 1 Underground Injection Control (UIC) Well Waste Disposal General Permit (Permit) Reissuance for ENI Petroleum, Nikaitchuq Unit, Oliktok Production Pad (OPP) and Spy Island Drill Site (SID)

Dear Larry Burgess,

The Alaska Department of Environmental Conservation (DEC), Wastewater Discharge Authorization Program (WDAP) is reissuing authorization **2021DB0002 - 0019: ENI Petroleum, Nikaitchuq Unit OPP and SID** Environmental Protection Agency (EPA) permit AK-11011-C. This reissuance is in response to the Notice of Disposal (NOD) for renewal dated July 14, 2021 and authorizes the injection of nonhazardous industrial waste fluids into groundwater of the state per Permit Section 1.1.1.4. Specifically, the following Class I UIC wells are authorized for nonhazardous waste disposal under the Permit as described in AK-11011-C:

OP26-DSP02 (OPP); and
SD37-DSP1 (SID).

If the EPA permit is modified or reissued during the term of the Permit, the applicant must submit an NOD to DEC to revise this authorization and include the modified or revised EPA permit within 90 days after the EPA revision per Permit Section 1.1.1.3.

The permittee must submit the DEC annual report form(s) (enclosed) by January 31st of the following year for each individual well covered by this authorization. Copies of other reports required by EPA (e.g., mechanical integrity reports or EPA form 7520) are no longer required to be submitted to DEC per Permit Section 1.5.4. Submittals including reports and notifications must be sent to:

Department of Environmental Conservation
Division of Water
Oil and Gas Section
555 Cordova Street
Anchorage, AK 99501
dec.water.oilandgas@alaska.gov.
